

7TH GRADE CLASS DESCRIPTIONS

Arts, Visual Arts, Performing Arts, Music

Art Foundations 1

Art Foundations is an introductory studio art class that explores a breadth of art mediums and techniques. Art Foundations teaches basic techniques including drawing, perspective, ceramics, painting, graphic design, and more. Students will expand their creative voice through practicing, planning, and creating art projects. Art Foundations is a studio class focusing on making art projects versus just learning about art theory. \$

Art Foundations 2

This course builds on Art Foundations 1 and explores art mediums and techniques. It teaches basic techniques including drawing, perspective, painting, graphic design, and more. Students will expand their creative voice through practicing, planning and creating art projects. [Prerequisite: Art Foundations 1] \$

Ceramics 1

This beginning ceramic class is designed for students who have an interest in working with clay and will give students experiences in making functional and sculptural pieces. Everything in this class is hand built using a variety of ceramic techniques. The skills learned in Ceramics I are required and will help prepare students for Ceramics 2. \$

Ceramics 2

This ceramic class is designed for students who want to learn advanced hand building skills and learn the basics of making functional pottery on a potter's wheel. Ceramics I is required BEFORE you can take Ceramics 2. [Prerequisite: Ceramics 1] \$

Theatre 2

This class focuses on acting skills, script writing, directing, play creation and a costume design project (including a fashion show). Students will have the opportunity to share their original short plays in a showcase performance. \$

Technical Theatre

Students will explore all major areas of theatre design and production, including props, costumes, hair, makeup, lighting, sound, and backstage management. Students in this course are expected to design and run the live performances throughout the school year. [Application in choir room] \$

Concert Choir

Join the super awesome amazing Concert Choir!! Concert Choir is an advanced choir class for 7th and 8th graders where we focus on vocal production and part-singing in preparation for high school performing groups. Concert Choir performs in school assemblies, concerts, & around the community too. Rehearsals & performances outside of class time are a significant part of the course and are graded. Teacher signature is required. \$

Treble Makers Show Choir

Do you like to sing AND dance?? Here is your chance!! Come join the Treble Makers!! Come learn to sing amazing arrangements of popular songs you know and love with the bonus of choreography and costumes!! Rehearsals and performances outside of class time are a part of the course and are graded. \$

Music Crash Course

Interested in music but don't want to perform? Music Crash Course is for you!! This hands-on project-based course is for students who want to learn more about music outside of a performing group class. In this course you will be listening, analyzing, composing, and improvising

music as well as playing instruments and singing. Music history, world music appreciation and the history of rock and roll will all be discussed and briefly explored. \$

Music Technology

Create music on your Chromebook! In Music Technology, you'll go beyond just listening—you'll learn to make your own beats, background music for media, and more. Explore the foundations of various music genres while utilizing software to produce your own unique projects. Whether you just want to have fun making music or dream of becoming a music producer, this course will teach you the skills to bring your ideas to life. \$

Guitar

7th and 8th Graders!! Do you want to learn how to shred like your favorite rock musician? Do you want to be the campfire song guru? Take the guitar class!! An acoustic guitar is required to participate in the class. \$

Band 1

This is a course in beginning band offered for students who have had little or no previous experience in playing an instrument. \$

Band 2

This intermediate-level band course encourages increased technical & expressive musical proficiency through performance & the study of music. Rehearsals & performances outside of class time are part of the course requirement & constitute a portion of the grade. [Prerequisite: Band 1 & Signature from Mr. Clawson]. \$

Beginning Orchestra

Beginning Orchestra is for anyone interested in playing the violin, viola, cello or string bass and has little or no previous experience playing an instrument. \$

Intermediate Orchestra

Intermediate Orchestra is for anyone who has played the violin, viola, cello or string bass in elementary school or up to one-year of private lessons. \$

Advanced Orchestra

This is an audition class meant for students who have excelled in Beginning and/or Intermediate Orchestra, or have had at least 1 year of private lessons, or have surpassed expectations in their elementary orchestra. Signature is required from our orchestra teacher, Mrs. Palmatier. [Email nicole.palmatier@canyonsdistrict.org for an audition.] \$

Career & Technical Education

FACS A

Students will explore and cultivate skills in interior design, clothing & textile construction, fashion design and merchandising, consumerism, entrepreneurship and career and job-related tasks. \$

FACS B

Students will explore and cultivate skills in food and nutrition, childcare, consumerism, entrepreneurship, family relationships, personal responsibility, and career and job-related tasks. \$

Bobcat Market

Students will be exposed to the fundamental concepts of business and marketing, through project-based learning. The projects will include running the school PBIS store and creating marketing campaigns for school-wide events. A variety of skills will be practiced which include basic business concepts, organizational communication, human

resources management, entrepreneurship, accounting, finance, and leadership. \$ [Ms. Fillmore's signature required]

STEM Concepts

A hands-on, project-based course that aids students in developing the ability to apply understanding of how the world works within and across the areas of science, technology, engineering, and math (STEM), promoting abilities to better problem-solve, analyze, communicate, and understand technology. \$

Healthy Lifestyles

PE 7

This is a basic PE class where students focus on staying fit through workouts, fitness tests, and team challenges. \$

Team Sports

This is a competitive PE class designed to focus on group participation through new and exciting non-traditional games. \$

Strength & Conditioning

Basic weightlifting principles and techniques along with basic muscular anatomy, and a variety of workouts that will help improve the 5 components of fitness: muscular strength, muscular endurance, cardiovascular endurance, flexibility, and body composition. \$

Dance 1 (Survey of Dance)

STRONGLY ENOUCRAGED TO ENTER THE DANCE PROGRAM. This class is an exploration of the basic elements of dance and how various dance styles have used them throughout history. Build basic skills in technique, improvisation, and composition. \$

Dance 2 (Technique)

This class utilizes the elements of dance to improve dance technique and improve the dancer's skill in the improvisation & composition. [Prerequisite: Dance 1, or 2 yrs. Dance Experience] \$

Dance 3 (Composition)

This class utilizes the basic elements of dance as we explore the creation of movement and the choreographic process. Emphasis is placed on honing choreographic and performance techniques. [Prerequisite: Dance 1 or 2 & Signature from Ms. Paulsen] \$

Social Dance

This class is an exploration of various social dance forms such as folk dance, line dances, and fundamental steps of the ballroom dances. Students learn how dance can have an impact on social interactions. \$
